## IBPSA Member Webinar

### **How to Hold Staff Accountable with Love**

Wednesday, October 15th at 1pm Central Time

Sponsored by: Dog Handler Academy

Learn how to hold your staff accountable... with love. This session led by Eve Molzhon will provide talking points to use with your team. We will discuss how to utilize tone, how to choose your words wisely, and how to explain the who, what, when, where, and why.

You CAN empower your staff so they don't feel every time you speak to them is a negative thing. Learn how to make your team feel included and have ownership versus just being an employee.

**animal health** ahd  
DIGEST est. 2015

**This week's edition includes:**

**Unreturned phone calls resulting in lost revenue, meeting Gen Z where they learn, anthropomorphism, and more!**

[October 2<sup>nd</sup> AHD Bulletin from our friends at AHD](#)

### **Tofu Litter: A Clean, Green Kennel Solution**

Wednesday, October 29 at 1pm CDT

This seminar will highlight the practical, health and environmental benefits of this eco-friendly litter.

Kirk Iwasaki is an engineer and co-founder of SOYSAND, a company that makes sustainable, high-tech cat litter from repurposed tofu byproduct. He is a cat owner who has applied his professional background in design and engineering to develop an eco-friendly cat litter that addresses common issues found in other products.
