

Overview

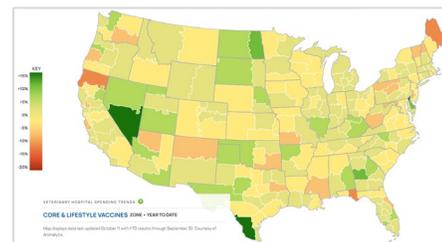

Helping veterinary hospitals and the animal health industry stay on top of the everchanging landscape being impacted by current events using real time data. DVMetrics and AnimateX have teamed up with Animal Care Technologies, M/A/R/C Research, UVSA and Packaged Facts along with our sponsors to provide VetWatch® and Vet Watch® Insights. The goal of VetWatch® is to deliver the critical information needed by practices and those supporting the veterinary profession to better assess the scope, velocity, and significance of developments in the veterinary care sector across the United States: www.vetwatch.com

VETERINARIAN AND PET OWNER SENTIMENTS

Monthly insights as reported by veterinarians and pet owners sourced from M/A/R/C Research, Packaged Facts, and ITR Economics.

- Packaged Facts –

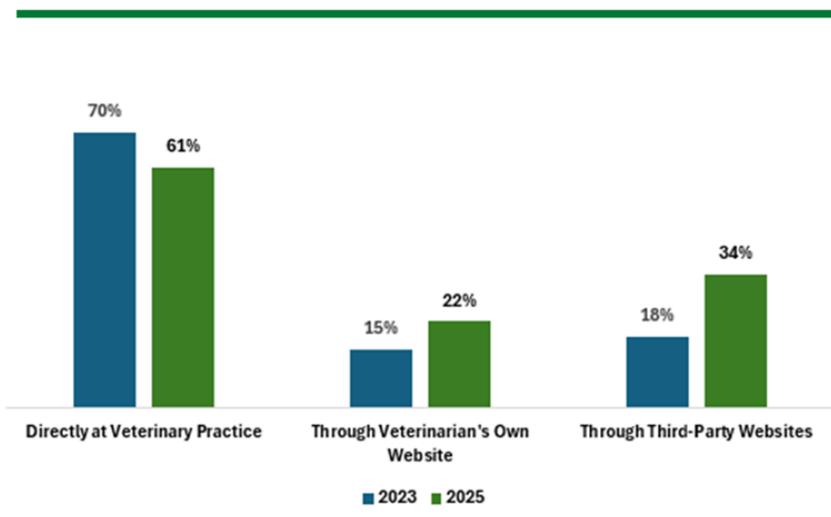

Packaged Facts reports on a variety of topics that impact pets and the veterinary industry and now reports from the Packaged Facts May/June 2025 *Survey of Pet Owners*. Please click [here](#) for more information.

Pet Medication Purchasing Patterns

Packaged Facts May/June 2025 Survey of Pet Owners data indicate that, among those who buy pet medications, 61% do so directly at the veterinary practice, while 22% buy prescription medications through their veterinarian’s website. In addition, 34% bought the prescriptions written by their vet through third-party websites such as Chewy Pharmacy, up from 18% in 2023.

How Pet Medications Requiring a Vet’s Prescription Were Purchased, 2023 vs. 2025 (percent of customers)

Note: Multiple responses apply; subtotals do not add up to 100%.

- M/A/R/C Research -

M/A/R/C Research conducted an online survey among US pet owners, as well as US companion animal veterinarians between August 2022 – March 2024. There was a total of 3,300+ pet owners and 400 veterinarians surveyed over the past 3 years.

The Current State of Veterinary Care

Vets voice that wellness visits are on the rise due to a growth in patients and pet ownership. Of those experiencing a decrease in wellness visits, it’s mostly economically driven.

Responses when vets were asked why do you feel the number of general wellness appointment requests have changed in the past 12 months.

- ITR Economics Outlook -

ITR Economics CEO, Brian Beaulieu and team share an outlook on the economy and how it might impact the animal health industry providing business leaders with economic information, insight, analysis, and strategy. ITR Economics is the oldest privately held, continuously operating economic research and consulting firm in the US.

In this third quarter update for 2025 slide, ITR Economics looks at the monthly change in Veterinary Expenditures compared to overall Retail Sales over the past two decades. Veterinary expenditure rate of change has remained stronger than the current 2.9% retail sector at 3.7% but down from the 5.3% at the end of the last quarter.

Should you have questions regarding the trends in expenditures, we recommend you contact an Account Executive at ITR Economics to assist. They can be reached at itr@itreconomics.com.
